Brittany Palasik, PharmD, BCPS
Pharmacotherapy
UNT System College of Pharmacy
Email: Brittany.Palasik@unthsc.edu

Area of Expertise

My primary interest is geriatric medicine, and I hope to expand and collaborate with providers on research endeavors in this particular area. My passion for pharmacy education also drives my interest in team-based learning and innovative technology in the classroom.

Qualifications

PharmD, University of Maryland, College Park

BS in Biology, Washington College

Publications

Baclofen and Tizanidine Adverse Effects Observed Among Community-Dwelling Adults Above the Age of 50 Years: A Systematic Review
Killam-Worrall, L., Brand, R., Castro, J. R., Patel, D. S., Huynh, K., Lindley, B. & Torres, B. P., May 2024, In: Annals of Pharmacotherapy. 58, 5, p. 523-532 10 p.

Innovative approach to career pathway mentorship for pharmacy postgraduate training
Torres, B. P., Hodge, C. K., Benavides, T. M., Hulsizer, A. L. & Atanda, A., 21 Jan 2023, In: Pharmacy Education. 23, 1, p. 127-131 5 p.

An escape room activity to teach transitions-of-care: Student perceptions and lessons learned
Palasik, B. N., Cho, H. J., Atanda, A. & Yuet, W. C., 1 Jan 2022, In: Pharmacy Education. 22, 1, p. 664-671 8 p.

Combating antimicrobial resistance with cefiderocol for complicated infections involving the urinary tract
Wang, H. & Palasik, B. N., Jan 2022, In: Therapeutic Advances in Urology. 14

Tofacitinib, the First Oral Janus Kinase Inhibitor Approved for Adult Ulcerative Colitis
Palasik, B. N. & Wang, H., Dec 2021, In: Journal of Pharmacy Practice. 34, 6, p. 913-921 9 p.

Broader Implications of Modeling and Simulation (M&S) Tools in Pharmacotherapeutic Decisions: A Cautionary Optimism
Chaturvedula, A., Palasik, B. N., Cho, H. J. & Goyal, N., 29 Apr 2020, In: Frontiers in Pharmacology. 11, 571.

Utility of Physiologically Based Pharmacokinetic Modeling in Point-of-Care Decisions: An Example Using Digoxin Dosing in Continuous Venovenous Hemodiafiltration
Srinivasan, M., Hirani, R., Tsiu, M., Kabani, K., Chaturvedula, A. & Palasik, B., 1 Feb 2020, In: Therapeutic drug monitoring. 42, 1, p. 1-5 5 p.

ADHD medications and cardiovascular adverse events in children and adolescents: cross-national comparison of risk communication in drug labeling
