

Brittany Palasik, PharmD, BCPS
UNT System College of Pharmacy
Pharmacotherapy
Email: Brittany.Palasik@unthsc.edu

Area of Expertise

My primary interest is geriatric medicine, and I hope to expand and collaborate with providers on research endeavors in this particular area. My passion for pharmacy education also drives my interest in team-based learning and innovative technology in the classroom.

Qualifications

PharmD, University of Maryland, College Park
BS in Biology, Washington College

Publications

ADHD medications and cardiovascular adverse events in children and adolescents: cross-national comparison of risk communication in drug labeling

Sieluk, J., Palasik, B. N., dosReis, S. & Doshi, P., 1 Mar 2017, In : Pharmacoepidemiology and Drug Safety. 26, 3, p. 274-284 11 p.
